

REMARKS

In the Claims

1. Claims 1-12 were originally submitted in the Application, and Applicant has added a new Claim 13.
2. Applicant conducted a telephonic interview with Examiner O'Connor on November 7, 2005. Examiner O'Connor has assumed responsibility of this application from Examiner Stokes. During the interview, a proposed amendment to the sole independent claim (Claim 1) was discussed, and such amendment has been made as set forth above. Because none of the cited prior art disclosed the concept of restricting the rotational movement of a slot finder, Examiner O'Connor agreed that with that addition to Claim 1 it would be allowable.
3. New Claim 13 has been added. New Claim 13 is identical to existing Claim 12, with the sole difference being that New Claim 13 depends from independent Claim 1 rather than Claim 12. It is respectfully asserted that New Claim 13 is allowable as it is dependent upon allowable Claim 1.

Closure

1. Previously, Applicant had paid for 20 total claims. The Claims pending after this Amendment are 13. Therefore, no additional fee is due.
2. As this Amendment and Response are being submitted before the

Shortened Statutory Period set to expire on January 4, 2006, no extension fees are due.

3. Applicant's undersigned attorney has made a good faith effort to meet the concerns expressed by the Examiner in the Office Action, and as discussed in the telephonic interview. If the Examiner still has questions about the allowability of the claims herein, the Examiner is invited to contact Applicant's attorney at the number listed below.

Respectfully submitted,
